SUMMARY

I have honed my skills in Python and Java programming languages, and technologies like Django and SQL. Proficient in code versioning tools like Git and GitHub, integration of external third-party APIs, test-driven development, and writing unit tests. Capable of working independently or within dynamic team environments, bridging the gap between user experience and server-side infrastructure.

KEY SKILLS

- **Software Development & Testing** • **Interface Designing** • **Mobile-based Application Development**
- **Cross-Vertical Team Leadership** • **Data Organization & Management** • **Coding & Troubleshooting**

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python, ReactJS, NodeJS

Web Design: HTML, CSS, JavaScript

Database: My SQL, MS SQL Server, Git, MongoDB

EDUCATION

Gautam Buddha University | Greater Noida, IN

Aug '21 - Present

Bachelor of Technology in Computer Science

KEY DEVELOPMENT PROJECTS

- **Domain: React App – Quiz App: Framework HTML, CSS, JS, React, Vite**
 - Developed a quiz web app featuring dynamic user interface components that integrate various front-end technologies to deliver an immersive user experience.
 - Implemented ChatGPT for generating randomized quizzes on web development and interactive application creation, offering detailed explanations and strengths summaries for incorrect answers.
- **Domain: Website | Web: HTML, CSS, JS, React, Vite**
 - Implements a visually striking Indian restaurant website, integrating cutting-edge web technologies for a seamless user experience.
 - Backend connectivity is established with prominent food delivery platforms, ensuring efficient order management and customer interaction.

ACHIVEMENT

- **Flipkart Grid 5.0:** Tech Quiz of Flipkart GRID 5.0 - Software Development Challenge – 2023
- Virtual **Web Developer** Intern at CODESOFT
- 100+ questions solved on **DSA**

VOLUNTEER EXPERIENCE

- **UNESCO INDIA -AFRICA HACKATHON**
